- ❖ Biology Sciences
- ❖ Plant Sciences
- ❖ Horticultural Science
- ❖ Food Science
- ❖ Environmental Sciences
- ❖ Landscape Architecture and Landscape Ecology
- ❖ Regional Sciences
- ❖ Management and Business Administration
- ❖ Mechanical Engineering

10 REASONS why you should choose SZIU:

1. degree programs are offered in a wide variety of subjects

2. nationally and internationally acknowledged professors

3. nearly 10% of our students are international: from Latin-America through Africa and Europe to the Asia-Pacific

4. widespread corporate network with national and multinational companies

5. the main campus is located in Central-Hungary, in Gödöllő (approx. 25 km from the capital, Budapest) in a pleasant, green environment

6. vivid cultural and social life

7. on-campus dormitories with all modern amenities

8. a sport center and recently renovated football fields provide several sport facilities

9. high rank governments' personnel have always been appointed from our Alumni

10. International Cooperation Culture award for carrying out excellent student exchange projects and programs (2013)

Szent István University (SZIU), Hungary's flagship life sciences university consists of 8 different faculties for study and research hosting approximately 15,000 students.

Within the eight faculties degree programs are offered in a wide variety of subjects ranging from natural and environmental sciences, food engineering, horticulture, landscape architecture, economics and social sciences to mechanical and civil engineering. Programs are available at every level from undergraduate to PhD and beyond.
