The accompanying explanatory notes form an integral part of these consolidated financial statements

The amount of the historical subscribed capital as of the date of these financial statements is \$14,009 million.

The consolidated balance sheets were prepared in accordance with the accounting criteria for credit institutions issued by the National Banking and Securities Commission, based on the provisions of Articles 99, 101 and 102 of the Credit Institutions Law of general and obligatory observance, consistently applied, reflecting the operations conducted by the Bank until the dates mentioned above, which were carried out and valued in accordance with sound banking practices and the applicable legal and administrative provisions.

The consolidated balance sheets were approved by the Board of Directors under the responsibility of the undersigned officers.

The capitalization ratio over assets subject to credit risk is 17.46 and 18.99, and over assets subject to total risk it is 13.73% and 14.47 at December 31, 2013 and 2012, respectively, which is the latest information validated by the Banco de México.
