HP un2430
EV-DO/HSPA Mobile
Broadband Module

| | |
|---|---|
| Technology/Operating Bands | GSM/GPRS/EDGE: 850MHz(Cell), 900MHz(EGSM), 1800MHz(DCS), 1900MHz (PCS) UMTS/WCDMA with receive diversity: 2100MHz (UTRA FDD Band I), 1900MHz (UTRA FDD Band II), AWS (UTRA FDD Band IV), 900MHz(UTRA FDD Band VIII), 850MHz (UTRA FDD Band V) 1xEVDO/1xRTT with receive diversity: 850MHz (Band Class0-Cell), 1900MHz (Band Class1-PCS) |
| Wireless Protocol Standards | GSM/GPRS/EDGE: Class A, Multi-slot class 10 operation, coding schemes CS1 - CS4 and MSC1 - MSC9. UMTS/WCDMA: Release 99 and Release 6 CDMA: 1xEVDO Release 0 and Release A, IS-95A, IS-95B, IS-856, IS-2000 |
| Wireless Parametric Standards | Meets or exceeds TIA/EIA IS-98-D |
| Maximum Data Rates | UMTS (HSPA) - 14.4 Mbps (Download), 5.76Mbps (Upload) CDMA (EVDO Release A) - 3.1 Mbps (Download), 1.8Mbps (Upload) |
| GPS | Standalone GPS enabled gpsOneXTRATM™ |
| GPS Bands | L1 - 1575.42 MHz |
| Maximum Output Power | GSM/GPRS/EDGE: 32dBm (+/-1) WCDMA: 24dBm (+0.7/-2.3) CDMA: 24dBm (+0.7/-2) |
| Maximum Power Consumption | 2750mA (peak); 1100mA (average) |
| Power Consumption, Idle Not Connected | 20 mA |
| Power Management | USB selective suspend Integrated notebook wireless button |
| Antenna Type | Dual high efficiency 5 band antennae with spatial diversity, mounted in the display enclosure |
| Form Factor | PCI-Express MiniCard, USB 2.0 interface |
| Weight | 11.5 g |
| Dimensions (Length x Width x Thickness) | 2.01 x 1.18 x 0.18 in (51 x 30 x 5 mm) |
| Voltage, Operating | 3.3v +/- 10% |
| Temperature, Operating (from TIA/EIA/IS-98-D) | -22° to 158° F (-30° to 70° C) (full RF performance) -22° to 167° F (-30° to 75° C) (reduced RF performance) |

| Broadcom 43224AGN 802.11a/b/g/n WiFi Adapter | Wireless LAN Standards | IEEE 802.11a IEEE 802.11b IEEE 802.11g IEEE 802.11n* |
| | Interoperability | Wi-Fi certified (802.11abg only) Cisco Compatible Extensions Program compliant (802.11abg only) with Microsoft Windows Vista and XP (details at: http://www.hp.com/go/notebooks/WLAN) |
| | Frequency Band | 2.4 GHz and 5 GHz |
| | Data Rates | 802.11b: 1, 2, 5.5, 11 Mbps 802.11a/g: 6, 9, 12, 18, 24, 36, 48, 54 Mbps 802.11n: 6, 6.5, 9, 12, 13, 13.5, 18, 19.5, 24, 26, 27, 36, 39, 40.5, 48, 52, 54, 58.5, 65, 78, 81, 104, 108, 117, 121.5, 130, 135, 162, 216, 243, 270, 300 Mbps |
| | Frequency Support | 20 MHz: 2.4 GHz and 5 GHz bands 40 MHz: 2.4 GHz and 5 GHz bands |
| | Modulation | Direct Sequence Spread Spectrum DBPSK, DQPSK, CCK, OFDM, BPSK, QPSK, 16-QAM, 64-QAM |
| | Security ¹ | Supports 64- and 128-bit WEP, WPA, WPA2, hardware-accelerated AES, 802.1x authentication types EAP-TLS, EAP-TTLS, PEAP-GTC, PEAP-MSCHAPv2, LEAP, EAP-FAST. Support for Cisco Security Features (proven compatibility with Cisco Aironet infrastructure products through the Cisco Compatible Extensions Program Version 4) with Microsoft Windows Vista and XP only. |
| | Sub-channels | Multinational support with frequency bands and channels compliant to local regulations. |
| | Media Access Protocol | CSMA/CA (Collision Avoidance) with ACK |
| | Network Architecture Models | Ad-hoc (Peer to Peer) Infrastructure (Access Point Required) |
| | Roaming | IEEE 802.11 compliant roaming between access points |
| | Output Power (for CCK) ² | 17 dBm, nominal |

Environmental Data **Eco-Label Certifications** This product has received or is in the process of being certified to the following approvals and may be labeled with one or more of these marks:

- US ENERGY STAR®
- IT ECO declaration
- EPEAT - Gold where HP registers commercial notebook products. See <http://www.epeat.net> for registration status in your country.

System Configuration The configuration used for the Energy Consumption and Declared Noise Emissions data for the Convertible Mini tower Desktop model is based on a "Typically Configured Notebook"

HP ProBook 6465b Notebook PC

| | 115 VAC | 230 VAC | 100 VAC |
|------------------------------------|-----------|-----------|-----------|
| Energy Consumption | | | |
| Normal Operation | 11.16 W | 11.04 W | 11.09 W |
| Sleep (Energy Star low power mode) | 0.73 W | 0.82 W | 0.73 W |
| Off | 0.47 W | 0.55 W | 0.47 W |
| Heat Dissipation* | | | |
| Normal Operation | 38 BTU/hr | 38 BTU/hr | 38 BTU/hr |
| Sleep | 2 BTU/hr | 3 BTU/hr | 2 BTU/hr |
| Off | 2 BTU/hr | 1 BTU/hr | 2 BTU/hr |

* Heat dissipation is calculated based on the measured watts, assuming the service level is attained for one hour.

Declared Noise Emissions
(in accordance with ISO 7779 and ISO 9296)

| System Fan Off | Sound Power (LWAd, bels) | Sound Pressure (LpAm, decibels) |

Technical Specifications

System fan is usually off except when charging the battery

Batteries

This battery(s) in this product comply with EU Directive 2006/66/EC

Batteries used in the product do not contain:

- Mercury greater than 5ppm by weight
- Cadmium greater than 10ppm by weight

Additional information

The battery type and chemistry used in the product is:

CR2032 (coin cell), Li-ion

6-cell high capacity Lithium-Ion battery (optional 8 cell available)

This product is in compliance with the Restrictions of Hazardous Substances (RoHS) directive - 2002/95/EC.

This HP product is designed to comply with the Waste Electrical and Electronic Equipment (WEEE) Directive – 2002/96/EC.

This product is in compliance with California Proposition 65 (State of California; Safe Drinking Water and Toxic Enforcement Act of 1986).

This product is in compliance with the IEEE 1680 (EPEAT) standard at the Gold level, see www.epeat.net

Plastics parts weighing over 25 grams used in the product are marked per ISO 11469 and ISO1043.

This product contains 0% post consumer recycled plastic (by wt.)

This product is greater than 95.3% recycle-able when properly disposed of at end of life.

Packaging Materials

- External:
 - Corrugated – 500 g
 - CANON bags – several layers – 5 g
- Internal:
 - Polypropylene – 15 g
 - Molded Pulp – 180 g
- The Corrugated packaging material is made from 80% recycled content.
- The CANON bags – several layers packaging material is made from 80% recycled content.
- The Polypropylene packaging material is made from 60% recycled content.
- The Molded Pulp packaging material is made from 60% recycled content.

HP follows these guidelines to decrease the environmental impact of product packaging:

- Eliminate the use of heavy metals such as lead, chromium, mercury

Material Usage

This product does not contain any of the following substances in excess of regulatory limits (for reference of these limits please refer to the HP General Specification of the Environment: (http://www.hp.com/hpinfo/globalcitizenship/environment/supplychain/gen_specifications.html):

- Asbestos
- Certain Azo Colorants
- Certain Brominated Flame Retardants – may not be used as flame retardants in plastics
- Cadmium
- Chlorinated Hydrocarbons
- Chlorinated Paraffins
- Formaldehyde
- Halogenated Diphenyl Methanes
- Lead carbonates and sulfates
- Lead and Lead compounds
- Mercuric Oxide Batteries
- Ozone Depleting Substances
- Polybrominated Biphenyls (PBBs)
- Polybrominated Biphenyl Ethers (PBBEs)
- Polybrominated Biphenyl Oxides (PBBOs)
- Polychlorinated Biphenyl (PCB)
- Polychlorinated Terphenyls (PCT)
- Polyvinyl Chloride (PVC) – except for wires and cables, and certain retail packaging has been voluntarily removed from most applications.
- Radioactive Substances
- Tributyl Tin (TBT), Triphenyl Tin (TPT), Tributyl Tin Oxide (TBTO)

End-of-life Management and Recycling

Nickel finishes that release greater than 0.5 μ grams/cm²/week, measured according to EN 1811:1998, are not used on any product surface designed to be frequently handled or touched by users.

Hewlett-Packard offers end-of-life HP product return and recycling programs in many geographic areas. To recycle your product, please go to: <http://www.hp.com/go/reuse-recycle> or contact your nearest HP sales office. Products returned to HP will be recycled, recovered or disposed of in a responsible manner.

Hewlett-Packard Corporate Environmental Information

The EU WEEE directive (2002/95/EC) requires manufacturers to provide treatment information for each product type for use by treatment facilities. This information (product disassembly instructions) is posted on the Hewlett Packard web site at: <http://www.hp.com/go/recyclers>. These instructions may be used by recyclers and other WEEE treatment facilities as well as HP OEM customers who integrate and re-sell HP equipment.

Introduction

HP provides a portfolio of professional-grade accessories that deliver an ideal mobile office designed to help you achieve your business goals, increase productivity and lower your costs. All HP accessories go through rigorous testing and are certified to work seamlessly with your HP Business Notebook. They are backed up by HP's world-class support.

HP docking solutions include a range of convenient expansion solutions that easily connect to your HP Business Notebook*. Create an ideal desktop computing environment using comfort-focused docking stations and stands that provide port replication and cable management, as well as enable future expandability.

HP Docking Stations and HP Advanced Docking Stations offer up to six USB ports, enabling you to instantly connect to the USB peripherals you use most. The docking stations also feature up to two video DisplayPort connectors, in addition to VGA and DVI ports, giving you multiple choices for high-end digital video output now and in the future. The new eSATA port (available on the HP Advanced Docking Station) offers throughput rates of up to 3Gbps.

These docking stations feature the proprietary HP Docking Station Cable Lock, in addition to an industry standard notebook lock slot. This new locking solution is dramatically simpler to use than previous locks and delivers enhanced security. In addition to its physical security features, the HP Docking Station Cable Lock (AU656AA) gives you three locking options: lock the docking station only (which also prevents access to the advanced docking station's drive bay); lock both the docking station and the notebook; or physically secure the docking station to a stationary object using the security cable tab.

HP is committed to delivering the optimal mobile computing experience by offering industry-leading accessories for every mobile user, whether you are a frequent traveler or rarely leave your desk. Enjoy return on investment from these easy-to-use, easy-to-deploy, and easy-to-manage expansion solutions.

NOTE: Check the compatibility sections below for a list of products supported by these docking stations. Due to technology changes, some notebook models may be supported by different docking station solutions. Please also refer to your notebook's QuickSpecs for individual compatible product information.

HP Docking Stations and HP Advanced Docking Stations for HP Business Notebooks

HP 90W and 230W Docking Stations

Key Benefits

Desktop convenience with full port replication capability in a space-saving design.

- Conveniently charges your notebook while it is in the docking station.
- Easy docking system provides port replication and cable management in one product.
- Four USB ports allow you to connect more peripherals to make you more productive.
- Optional integrated HP Docking Station Cable Lock allows you to secure your docking station and notebook with one lock. Also supports an industry standard notebook lock.

AC adapter included

The HP 90W Docking Station gives you an energy-efficient 90W Smart AC adapter for your Notebook PC. The HP 230W Docking Station gives you an energy-efficient 230W Smart AC adapter for your Notebook PC or Mobile Workstation. These Smart adapters guard against power fluctuations with integrated surge protection.

Standard Features

| | |
|--------------------------------|---|
| 2 docking posts | Align and secure the computer for proper connection to the docking station |
| Docking connector | Connects the computer to the docking station |
| Visual alignment indicator | Helps you align the computer with the docking station for fast and easy docking |
| Power button and power light | Power indicators |
| Eject button and docking light | Ejects computer from docking station. Docking light is turned on when the computer is properly connected. |
| USB ports | 4 USB 2.0 ports (3 Always-On, 1 powered) |
| Always-On USB port | Allows you to charge USB powered devices while the computer is in standby mode, powered off or not in the docking station. Conforms to USB 1.1 Charging Specification. |
| Powered USB port | Allows you to connect to select USB powered devices, such as the HP External USB CD/DVD R/RW Drive, as well as regular USB devices. |
| Integrated cable lock slot | Supports the HP Docking Station Cable Lock with a drastically simplified locking mechanism. Gives you two security options: lock the docking station only (which also prevents access to the Advanced Docking Station drive bay); or lock both the docking station and your notebook for additional security. Also supports an industry standard notebook lock. |
| Audio and Network connectors | Audio and Ethernet ports, Line-in jack, headphone jack; does not support mic out |
| Legacy connectors | Mouse, keyboard, serial and parallel connectors |
| Other connectors | 1 Monitor Stand, 1 DisplayPort, 1 VGA, and 1 DVI-D connectors. AC adapter connector with light |
| Smart Adapter | 90W Smart AC Adapter or 230W Smart AC Adapter |

Service and Support One-year limited warranty. Additional support is available 24 hours a day, seven days a week by phone as well as online support forms.

NOTE: Certain restrictions and exclusions apply. Consult the HP Customer Support Center for details.

Compatibility

The HP 90W Docking Station and HP 230W Docking Station are compatible with HP ProBook b-Series Notebook PCs, HP EliteBook 8440p and 8460p Notebook PCs, and HP EliteBook 8440w and 8460w Mobile Workstations. The HP 230W Docking Station is also compatible with the HP EliteBook 8540p Notebook PC and 8540w and 8740w Mobile Workstations. The HP Docking Station Cable Lock (AU656AA#XXX) is compatible with the docking stations.

NOTE: Due to technology changes older notebook models may be supported by different docking stations. Please refer to the following models for additional information:

- HP 2008 120W Docking Station (KP080AA)
- HP 2008 150W Advanced Docking Station (KP081AA)
- HP 2008 150W Docking Station (KQ751AA)
- HP 2008 180W Advanced Docking Station (KQ752AA)

NOTE: Some notebook models do not support these docking features. Docking capability for these models is provided by the HP Essential USB 2.0 Port Replicator (AQ731AA) and HP USB 2.0 Docking Station (FQ834AA#xxx).

NOTE: Not all models are available in all regions.

QuickSpecs

HP Docking Stations and HP Advanced Docking Stations for HP Business Notebooks

HP 120W and 230W Advanced Docking Stations

Key Benefits

Robust desktop replacement solution for your mobile office with advanced features for future expansion.

- Conveniently charges your notebook while it is in the docking station.
- Easy docking system provides port replication and cable management, plus expandability through an integrated SATA upgrade bay- all in one product.
- Six USB ports allow you to connect more peripherals to make you more productive.
- Optional integrated HP Docking Station Cable Lock allows you to secure your docking station, notebook and integrated SATA drive with one lock. Also supports an industry standard notebook lock.

AC adapter included

The HP 120W Advanced Docking Station gives you an energy-efficient 120W Smart AC adapter for your Notebook PC. The HP 230W Advanced Docking Station gives you an energy-efficient 230W Smart AC adapter for your Notebook PC or Mobile Workstation. These Smart adapters guard against power fluctuations with integrated surge protection.

Standard Features

| | |
|--------------------------------|---|
| 2 docking posts | Align and secure the computer for proper connection to the docking station |
| Docking connector | Connects the computer to the docking station |
| Visual alignment indicator | Helps you align the computer with the docking station for fast and easy docking |
| Power button and power light | Power indicators |
| Eject button and docking light | Ejects computer from docking station. Dock light is turned on when the computer is properly connected. |
| USB ports | 6 USB 2.0 ports (5 Always-On, 1 powered) |
| Always-On USB port | Allows you to charge USB powered devices while the computer is in standby mode, powered off or not in the docking station. Conforms to USB 1.1 Charging Specification. |
| Powered USB port | Allows you to connect to select powered USB as well as regular USB devices |
| Integrated cable lock slot | Supports the HP Docking Station Cable Lock, which gives you two security options: lock the docking station only (which also prevents access to the Advanced Docking Station drive bay); or lock both the docking station and your notebook for additional security. Also supports an industry standard notebook lock. |
| eSATA port | Enable ultra-fast (up to 3Gb/s) external data connectivity with any customer supplied eSATA device such as an eSATA Hard Drive. |
| Audio and Network connectors | Audio and Ethernet ports, line-in jack, headphone jack; does not support mic out |
| Legacy connectors | Mouse, keyboard, serial and parallel connectors |
| Other connectors | 1 Monitor Stand, 2 DisplayPort, 1 VGA and 2 DVI-D connectors. AC adapter connector with light NOTE: A maximum of three displays can be supported through the HP Advanced Docking Station (N2223AA). The DisplayPort and DVI connectors are shared, so you may choose one DisplayPort or DVI plus a second DisplayPort, or DVI plus the VGA connector. Therefore, the choices are DP+DP+VGA, DP+DVI+VGA, DVI+DP+VGA or DVI+DVI+VGA. |
| Upgrade bay | Supports all HP upgrade bay hard drives and optical drives for additional local storage capabilities. |
| Smart Adapter | 120W or 230W Smart AC Adapter |

Models

HP Thin USB Powered Speakers

KK912AA

Introduction

With their sleek shape, and compact size, HP Thin USB Powered Speakers are designed for easy desktop placement and optimal stereo enjoyment of DVDs, CDs and digital audio.

The HP Thin USB Powered Speakers produce a rich high quality sound that provides an excellent stereo speaker solution for business users. When installed, SRS Premium Sound Software further enhances the sound quality of the HP Thin USB Powered Speakers. The power and volume knob is conveniently located on the side of the right speaker, so you can control the volume without fumbling through your PC software. A green LED on the right speaker tells you immediately if the speakers are powered on. There is even a stereo headset connection on the right speaker to listen to your audio privately (speaker is muted when headphones are plugged in).

A key component of the HP Thin USB Powered Speakers is that the speaker uses one USB port from the connected PC to power the speakers so that no external power adapter is needed. This allows for the same speaker model to be used in different countries or regions.

Key Benefits

- New slim sleek design
- USB powered
- SRS Premium Sound Software for enhanced sound quality
- Headset connection on the side of the right speaker
- Same speaker model can be used worldwide.

Compatibility

The HP Thin USB Powered Speakers are compatible with all HP Compaq Business Desktops (except dx6100 series Business Desktops) and HP xw series Workstations.

NOTE: Compatible with any PC with a USB port and audio analog connection.

NOTE: Not all models are available in all regions.

Service and Support

Your Option Limited Warranty is a one (1) year (HP Option Limited Warranty Period) parts replacement warranty on any HP-branded or Compaq-branded options (HP Options). If your HP Option is installed in an HP Hardware Product, HP may provide warranty service either for the HP Option Limited Warranty Period or the remaining Limited Warranty Period of the HP Hardware Product in which the HP Option is being installed, whichever period is the longer but not to exceed three (3) years from the date you purchased the HP Option.

HP USB Optical Scroll Mouse

DC172B

HP USB Optical Scroll Mouse - Bulk Pack (100)

EA177A6

Introduction

The HP USB Optical Scroll Mouse provides the speed and accuracy of optical tracking in a simple, elegant design. It records motion precisely on a variety of surfaces using the latest optical sensing technology.

The HP USB Optical Scroll Mouse has no ball or moving parts, which improves its durability, makes it require less cleaning, and eliminates sticking. The mouse's comfortable, contoured shape fits either hand. Optical tracking is the latest advance in computer mouse technology. Optical mice have a tracking system that works through light which means that there are less moving parts for greater durability than ball-based mice. The optical sensor within the HP US Optical Scroll Mouse employs a scan rate of 800dpi. This optical system guarantees crisp motion tracking on many types of surfaces without a mouse pad. There is no ball or roller to clog up so it works without cleaning.

Key Benefits

- Improves precision by using optical tracking
- Provides more durability and easier maintenance by eliminating moving parts
- Fits either hand
- Allows scroll wheel to function as a third button

Compatibility

The HP USB Optical Scroll Mouse is compatible with the HP dx9000 TouchSmart Business PC and all HP Business PCs (except the HP rp5700 Point of Sale system) and all xw series HP Workstations.

NOTE: Not all models are available in all regions.

Service and Support

Your Option Limited Warranty is a one (1) year (HP Option Limited Warranty Period) parts replacement warranty on any HP-branded or Compaq-branded options (HP Options). If your HP Option is installed in an HP Hardware Product, HP may provide warranty service either for the HP Option Limited Warranty Period or the remaining Limited Warranty Period of the HP Hardware Product in which the HP Option is being installed, whichever period is the longer but not to exceed three (3) years from the date you purchased the HP Option.

Technical Specifications

Dimensions (H x L x W) 1.5 x 4.5 x 2.5 in (3.8 x 11.6 x 6.3 cm)

Weight 0.27 lb (0.12 kg)

Cable length 72.8 in (185 cm)

System requirements Windows Vista Business 64*, Windows Vista Business 32*, Windows Vista Home Basic 32*, Windows 2000, Windows XP Professional or Windows XP Home 32* (No driver is required for this device. Native support is provided by the operating system.), xpe, ce.net, Linux, XP-64

* Certain Windows Vista product features require advanced or additional hardware. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. Models

- HP PS/2 Standard Keyboard
- HP USB Standard Keyboard
- HP USB Grey Standard Keyboard

DT527A
DT528A
DT529A

Introduction

Now you can sit your keyboard on your desk at either zero-degree (flat), 6-degree or 12-degree slopes with tilt legs on HP standard keyboards to maximize your comfort.

Both USB and PS/2 keyboards are available in 104, 105, 106, 107 and 109-key layouts to comply with 38 local language layout requirements. The HP USB Grey Standard Keyboard has 105 keys. The DT527A PS/2 and DT528A USB HP Standard Keyboards are also more ecologically friendly as the painted surface has been minimized to a removable silver accent strip around the top-row function keys.

Key Benefits

- Provides optimal tactile characteristics for heavy keyboard usage
- Selectable angles for potential wrist-posture improvement and associated usage comfort
- Key-mechanism lifecycle rated to 20 million keystrokes – suitable for long service life and heavy duty usage
- Incorporates a spill-drain feature to minimize damage from accidental fluid spill
- Recyclable product (painted strip is removable in a Recycling Center)
- Available as either a PS/2 or a USB device
- Simplified deployment and maintenance for internal IT support organizations

Overview

Compatibility

HP PS/2 Standard Keyboard is compatible with all HP Compaq Business Desktops.

The HP USB Standard Keyboard is compatible with the HP dx9000 TouchSmart Business PC and all HP Compaq Business Desktops (except dx2200 Microtower and HP rp5000 Small Form Factor POS System).

The HP USB Grey Standard Keyboard is compatible with the HP dx9000 TouchSmart Business PC and all HP Compaq Business Desktops (except dx2200, dx2250 and dx2300 Microtowers and the HP rp5000 and rp5700 Point of Sale systems).

NOTE: Not all models are available in all regions.
