

TESTIMONIOS IME Becas

Alejandra Cornejo

“I am a third-year undergraduate student at UC Merced where I am majoring in Psychology and Spanish. I am also a first-generation college student that now participates in the SURF program, a research project in the STEM fields. This allows me to become a member of the LATCH lab as an undergraduate research assistant. After graduating in 2022, I will be applying to PhD programs to study Health Psychology. I hope that my education and experiences can encourage Latinx students to achieve their goals.

I learned about your generous contribution to make this scholarship possible for me at UC Merced and I want to take time to thank you. To say I was touched by your kind donation does not sufficiently capture my gratitude towards you. Your kind gesture made a big impact in my life and it will allow me to continue with my education and research.”

Efren Vazquez Gonzalez

“I am Efren Vazquez Gonzalez and I am enrolled at the University of California, Merced, and currently pursuing a bachelor's degree in Political Science. I was born in Mexico City and raised in Orange County. Being the oldest in my family, I assist my family and others to make a difference in the world. Regardless of my legal status, I am a vocal activist and engage with others to raise awareness of immigrant policies negatively affecting my community. In the future, I desire to attend law school and become an immigration lawyer. With my law degree, I desire to serve in public office and advocate for immigrants. Thanks to the Mexican Consulate, I can achieve my goal of earning a bachelors' degree in political science. This scholarship eliminates one of many obstacles that immigrant students have to confront. The scholarship will be part of my educational journey because it gives me the motivation that I can accomplish whatever educational goal I desire. To those who resemble my background, this scholarship showcases that undocumented individuals can also pursue college and other higher education institutions.”

Fernanda Martinez

“Dear IME Becas, I am so thankful to be receiving this scholarship for it gives me the liberty of buying the needed books and supplies. This aid I will be receiving will not be taken for granted, because it does not only help me financially but will further motivate me to stay focused on my goals. Again, I am immensely grateful to be the recipient of this award.”

José Javier Horta Beltrán

“Por medio de la presente, quiero agradecer el día de hoy de la manera más profunda y sincera la generosidad, disposición y beca recibida por parte del Consulado Mexicano en Albuquerque. Dicho recurso será utilizado para continuar mis estudios de interprete/traductor en el Central New Mexico Community College. En estos tiempos extraordinarios, llenos de vicisitudes y obstáculos, la beca llego a mi persona de manera rápida y oportuna. Justo en el momento en que más la necesitaba. Así mismo, con los fondos obtenidos comprare material educativo, diccionarios, libros y otros artículos necesarios para continuar mi trayecto hacia la certificación profesional. Finalmente, agradezco a todos y cada una de las personas involucradas en esta maravillosa beca que alienta, apoya, fortalece, impulsa y dignifica a los hijos de mexicanos.”

Atentamente, Jose Javier Horta Beltran
