Agri-Food Health and Safety Program

Fiscal Year 2022

The National Agro-alimentary Health, Safety and Quality Service (Senasica) aims to preserve and improve agro-alimentary health and safety conditions through phytozoosanitary epidemiological surveillance, phytozoosanitary, aquaculture, and fishery campaigns and contamination risk reduction systems and good practices in agricultural, livestock, aquaculture and fishery production, and primary processing of aquaculture and fishery products.

Based on the above, Senasica implements the Agri-Food Health and Safety Program (PSIA), which is aligned with Axis 3 "Economy", section on "Food Self-Sufficiency and Rescue of the Countryside" of the National Development Plan 2019-2024; as well as the Sectoral Program for Agriculture and Rural Development 2020-2024, in Objective 1. Achieve food self-sufficiency by increasing agricultural and aquaculture production and productivity, Strategy 1.5 Strengthen agricultural and aquaculture health and safety for the production of healthy and nutritious food.
The Program and its Components are subject to the budget authorized by the Federal Expenditure Budget Decree for fiscal year 2022.
