

Importing

Organic products

For importing goods into Mexico under the designation 'organic' or labeled as 'organic,' such goods must come from countries with regulations and control systems equivalent to those existing in Mexico, or failing this, such goods must be certified by an Organic Certification Agency approved by the Secretariat of Agriculture.

These products must be accompanied by the following documents:

- Copy of organic certificate or equivalent
- [Control or International Transaction Document \(Form O-SQ-F-03\)](#)
