NUESTRO ORGULLO Y COMPROMISO

# INTRODUCTION

The Ministry of Tourism of the Government of Mexico, through its Office of Tourism Product Innovation, promotes a variety of product lines and market segments, including Romance Tourism. It is all about those magical journeys taken by couples and families to celebrate a special occasion in their lives. Picture renewing your vows in a breathtaking setting, throwing a wild and unforgettable bachelor or bachelorette party, or embarking on a dreamy honeymoon filled with love and adventure. Ah, the sweet moments of engagements, anniversaries, and, of course, destination weddings and romantic getaways.

This incredible segment is experiencing remarkable growth, and it is no wonder why. Its allure captivates the United States, Canada, and South America, drawing lovebirds from everywhere. When it comes to this romantic escape, Mexico City, Monterrey, and Guadalajara shine brightly as top destinations within the country.

Mexico, a land bursting with culture and boundless creativity. Peek at the splendid designs of Mexican garments, inspired by customs and traditions passed down through generations. The vibrant colors and exquisite textures of these masterpieces have transcended borders, capturing the hearts of wanderers everywhere. Now, it is time to bestow upon

them the recognition they deserve in the realm of tourism, especially when intertwined with the enchantment of Romance Tourism. Let love and fashion intertwine in a symphony of beauty and passion.

Therefore, in collaboration with the Ministry of Tourism of the State of Nayarit and the Destination Wedding Specialist Association (DWSA), we have worked on integrating the Catalog of Mexican Designers for Romance Tourism. Our aim is to connect Mexican designers and artisans with this industry, adding another link to the value chain. Renowned Mexican designers have created significant bridal gowns, honeymoon fashion, and attire for special events such as engagements and anniversaries. In this way, we support and foster the creativity of Mexican artisans and designers while providing digital platforms for promotion and dissemination to facilitate their commercialization. This initiative seeks to promote cutting-edge Mexican fashion and diversify Mexico's tourism offerings.

By doing so, we fulfill the objectives of the PROSECTUR 2020-2024, focusing on its four priority goals. We hope that this material will be useful for the planning and organization of your future events targeting this segment and become an additional reason to visit Mexico's destinations.

ADRIANA DE NIZ

# ADRIANA DE NIZ

At Adriana De Niz, we primarily design wedding dresses. We are known for creating custom-made garments tailored to our customers' measurements. We use high-quality materials to ensure optimal results and complete satisfaction of our clients. All our creations are made with haute couture techniques and feature handcrafted embroidery with precious stones.

In addition to wedding dresses, we also create cathedral-length veils and shorter veils. We offer bridal accessories such as bouquets, hairpieces, and garters.

## INCLUSION

On many occasions, we collaborate with artisans from our local community who work with Huichol and Wixárika beadwork to create special orders for our clients. This collaboration adds more identity to each garment and highlights our cultural roots.

## SUSTAINABILITY

We support environmental sustainability by giving all fabric scraps a second purpose. In some cases, we even give them as gifts to people who are also involved in sewing, so they can make the most of them and generate less waste.

We support economic sustainability by collaborating with artisans from our local community, providing fair compensation for their work and giving them the opportunity to sustain their households and improve their quality of life. At the same time, we contribute to the economic growth of the region by fostering local entrepreneurship and stimulating the local economy.
